PACKAGE A

1 page Wordpress Landing page

Perfect for customers who are just looking to have a presence, or are just starting out.

- Using a wordpress theme
- Mobile, tablet ready, Responsive design

\$1000

PACKAGE D

Wordpress ECommerce Theme

Using a theme provides a base to build on. The design, layout and function have already been set, and now we layer on top of this your content, logo, images and branding. Essentially, this is a skeleton to build upon.

- Sell your products online
- Up to 10 pages
- Add the first 10 products
- Woocommerce Cart
- Payment using Stripe or Paypal
- 1 hr of training

\$2200

PACKAGE B

Wordpress Theme

Using a theme provides a base to build on. The design, layout and function have already been set, and now we layer on top of this your content, logo, images and branding. Essentially, this is a skeleton to build upon.

- This does not include any custom functionality or styling. This is building of the site, adding content, logo, and color scheme.
- Includes a blog (a great asset for fresh content and google loves this)
- Up to 10 pages
- 1 hr of training

\$1750

PACKAGE E

CUSTOM E-Commerce Wordpress website

Works well for businesses that either have established branding, or are looking for a unique presence on the web. A custom design is a great solution for a business that is seeking a memorable branding experience that will keep visitors coming back.

- Sell your products online
- Two CUSTOM home page options will be designed and presented for you to chose from.
- Up to 10 pages
- Add the first 10 products
- Woocommerce Cart
- Payment using Stripe or Paypal
- 1 hr of training

\$5000

PACKAGE C
